

Memories to last a lifetime

We are thrilled to give you the opportunity to meet new people, to put your language skills to work, to discover a new culture and possibly country, and to maybe make a friend from another part of the world.

We are offering all Champlain students from all programs to take part in the German – Canadian – Exchange with a college in Gelnhausen, Germany. It is a cultural exchange and all German students speak English. The German students are mostly between 17 and 19 years old. They are coming to Canada from September 23rd – October 3rd 2018. During their stay here, they will be off visiting Canada. However, they also would like to meet you, go to school with you, and discover your way of living with you. In late May of 2019, after all finals have been written, it will then be your turn to visit them.

Feel free to show your student around and to take her or him to your classes. Please ask permission of your teachers!

Host Families wanted

We want to offer our students the chance to discover the way of life here, so we will lodge them with host families.

Please let us know, if you and your family would be able to host a German student.

If you would like to take part in the exchange, but you live in a residence, you are not allowed to take in a student. We can however find a host family for your student together.

So, you can still take part in the exchange even if you cannot host a German student.

WE ARE GOING TO GERMANY

Our visit to Germany will happen in late May of 2019 (dates to be confirmed). We will also stay with a host family there and have several activities planned, which may include the following, depending on the interest of the students as well:

- Overnight stay in Berlin (ride in high speed train, Brandenburg Gate, museums, castles, concentration camp)
- Day trip to Frankfurt / Bamberg / Heidelberg / Mainz / Cologne (list to choose from)
- Gelnhausen and its surroundings
- Playing sports together
- Cooking together

If you are interested to participate in the exchange, please contact your friendly instructors Vera Mainka (C-334) or Jonas Goliash (C-218)
