SOCIAL SCIENCE

GLOBAL STUDIES

This profile explores contemporary approaches to challenges and issues that transcend borders. Students in the profile will take courses that will employ relevant disciplinary tools to address challenges of global concern. All students will take the enrichment Geography class What on Earth and one enrichment Internationally themed Political Science class, drawn from a variety of relevant topics, along with Advanced Global Economics and The Contemporary World. This Profile fulfills the academic requirements for the International Studies Enrichment Option, a college-wide certificate involving both classroom and extracurricular activities. Ideally, students in the Global Studies Profile will have the opportunity to participate in experiential learning activities.
