

NURSING

THE PROGRAM

Nursing is a dynamic, research-based profession that plays an important role in the Quebec health care system. The profession needs caring individuals who are interested in a scientifically-based career wherein opportunities include clinical practice, teaching, and research in health care, education and the private sector.

IS THIS PROGRAM FOR YOU?

- ✓ You are interested in health
- ✓ You are observant and organized
- ✓ You are caring and compassionate
- ✓ You are relational
- ✓ You are trustworthy and responsible
- ✓ You care about the well-being of your community

Students applying to the Nursing program must be fluent in both English and French. Although our language of instruction is English, most clinical placements for the program are in French-speaking environments.
